

STEWARDS OF SUSTAINABILITY

# U.S. RICE FARMERS

Over the past 20 years, U.S. rice farmers have...

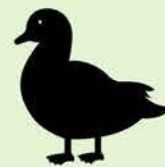

**Reduced  
land use  
35%**

**Reduced  
water use  
53%**

**Reduced  
energy use  
38%**

**While continuing  
to provide millions  
of acres for  
wildlife habitat**

And all without the use of genetically modified organisms (GMOs)
